THE POSTMAN'S WHISTLE.

Did you hear the postman's whistle? Not today; some other day. There is no chance for Bryan to get free mail delivery now as shown by the letter from Inspector Dawkins to Postmaster Austin, published in this issue. From this letter and from remarks made by the inspector while here, city mail delivery cannot be secured now unless the street names are posted on every corner, every house numbered, sidewalks line every street without a break from limit to limit, and across-the-street sidewalks must be built at every street intersection, north, south, east and west. In other words, the dear employees of the government who deliver the mail must be able to walk dry shod and dust proof from center to circumference, from hell to Little Rock, and from the aurora borealis to the day of judgment. We suppose they would also require that this "endless chain" of sidewalks be swept off every morning before breakfast, a picher of ice water placed on each street corner, the dogs all chained up and the children made to skeddaddle for the back yard. God bless our country! It is up to Uncle Sam to look after his precious employees and if the flowery beds of ease and primrose paths are not ready for them they must be made ready. In the opinion of The Eagle, Bryan will get free mail delivery about fifteen minutes after Gabriel toots his horn.

JONES, HE PAYS THE FREIGHT.

Discussing the conflict between the two high courts over the pool room law, the Denison Herald says:

"The trouble all arises from having too many courts. We have referred to this before and it will bear repetition. Courts and other departments of government have been created by the Legislature to make room for ambitious citizens at fat salaries with the result that instead of conditions being bettered they have been made worse and because of the complicated system the people have acquired a wholesome disrespect for the judicial branch of our State government. The Legislature should by all means do something toward eradicating the trouble, which it can do if it will devote its time to the solution of these problems instead of running off after political questions and matters affecting the political aspirations of certain factions."

Now there's horse sense. The people are burdened with too much government both from Washington and Austin. The tax eaters are everywhere in evidence. The government of the State of Texas is costing fully double what it should. It is a solemn truth that we have government of the politicians, by the politicians and for the politicians. How long will the people stand for this arrangement?—Waco Times-Herald.

That is in direct line with the doctrine The Eagle has been preaching for years. We are waterlogged with a multitude of high salaried officials and needless commissions. We hope to live to see the press of the country take this matter up and air it, push it, tell it, and publish it in Gath and in the streets of Aijalon until the very temple is scourged of the money changers, and our governments are purged of the grafters, tax eaters, camp followers and hangers-on.

No town can prosper as it should unless its business men will cooperate with each other in bringing business to the town. Get them here and if you cannot sell them, let the other fellow do so. The man with the hammer has a proper place, but it is in building more houses, not in tearing down.—Kilgore Chronicle.

Business men sometimes get so busy with their own affairs they lose sight of community interests. The Eagle pointed out to the business men of Bryan last in the summer how several thousand dollars' additional trade could be secured by preparing a complete road for people from

neighboring counties, but nothing came of it. Everybody was too busy.

We are all for preparedness, but we also are for getting our money's worth. The impression is abroad that the country is paying two dollars for every one dollar of service.—Waco Times-Herald.

And then some. If we could get one dollar's worth of service for every two dollars paid out, it would not be so bad. The trouble is, we pay out the two dollars and in a majority of instances get nothing back.

The President no doubt has some inside information the dear people wot not of upon which he bases his preparedness program. He should let us have it uncensored and in its entirety when he opens his preparedness campaign in New York on November 4.

The farmers near Brenham have a mutual protection society against loss from storms, and in the recent hurricane the damages of the members were assessed and every member had to dig up his part in making good the losses. Where the good of such an arrangement comes in we cannot see, for the total loss must be borne by the members, which makes it impossible for any member to get in more than he pays out.

The San Benito country in Southwest Texas has shipped this season to date 115 carloads of corn. That is indeed encouraging. When Texas generally becomes a corn shipping State instead of a corn receiving State, one of the heaviest drains upon the resources of the people will be eliminated.

No matter what the price of cotton, no farmer can prosper who raises all cotton and expects to pay for his corn, meat, clothing and other household necessities with the proceeds of his cotton crop. He must make his farm self-supporting and have his cotton clear.

We know that England will pause mid life's pleasures and turn her thoughts lovingly toward us today. Just 134 years ago at Yorktown, Va., Lord Cornwallis acknowledged the corn and surrendered.—Houston Post.

Don't lose sight of that canning factory. We ought to have it ready for operation by spring.

KILLED AND INJURED IN TRAIN WRECK

[By Associated Press.]
Oklahoma City, Okla., Oct. 19.—Six are dead, two fatally injured and eight hurt as the result of a head-on collision on the Rock Island early this morning twelve miles south of Chickasha.

TEAM RAN AWAY.

While John Dyess of Harvey was coming into town this morning out near Allen Academy his team became frightened at a passing interurban car and ran away. The wagon was turned over and some breakage sustained. Mr. Dyess, who was driving the wagon, was not hurt, but had a narrow escape.

MARKET OPEN OCTOBER 21.

We will open for business in the rear of the First National Bank building Thursday, October 21, and respectfully ask that you call or phone us your orders for all kinds of market products. Phone No. 2.

The Store for Values in Men's Wear

AS THE NEWS BREAKS

[By Associated Press.]
NACOGDOCHES, Tex., Oct. 19.—The case of Mrs. Marguerite Murchison, charged with the murder of her husband, P. H. Murchison, at Lufkin, was to be called in the district court here today. The case was to have been tried on September 30, but was continued until today.

DALLAS, Tex., Oct. 19.—Local boxing fans are interested in the bout here tonight between Bobby Burns, Dallas bantamweight, and Eddie Coulon of New Orleans. The fight is to be staged under the management of the Kerkau Club. It is regarded as one of the best boxing bouts ever to be held in Dallas.

DALLAS, Tex., Oct. 19.—Today is Dallas Day at the State Fair. The attendance on this day usually runs to nearly 100,000, and in honor of the day, most of the business houses will close for the day.

FORT WORTH, Tex., Oct. 19.—Soldiers and a real battle are among the plans of the local Y. M. C. A. for a membership campaign which starts today. The membership committee expects to add about 250 to the rolls of the institution. The organization will be known as the "Minute Regiment." L. A. Coulter, State secretary of the Y. M. C. A., will be on the ground to supervise the work.

AUSTIN, Tex., Oct. 19.—From present indications, the practice of allowing overdrafts by State banks in Texas, which has flourished to quite an extent in the past, will be entirely eliminated within a year or so, according to figures obtained from the State Department of Insurance and Banking. To September 1 the decrease has been about 50 per cent during the previous year's time.

CELEBRATED 75TH BIRTHDAY.

Mrs. W. B. Baker passed the seventy-fifth milestone on life's journey on Sunday last, and was remembered with a birthday dinner at the home of her son and family, Constable C. L. Baker, which was very much enjoyed by relatives and a few friends. Mother Baker, as she is lovingly called by her friends, is in perfect health in spite of her years and thinks nothing of a walk of several miles. Those present assured her and her son's family of pleasures of the day and wished for her health and happiness for the remainder of life's journey.
A FRIEND.

NOTICE TO THE PUBLIC.

I am now with Mandeville's Department Store and want to meet my old friends and customers. Come and let me serve you with the best in our line.
W. L. HOUSTON.

A. & M. WARRIORS HAVE HARD GAME

Rolla Miners, Coming Thursday, Are Bigger Men and Skilled in the Art of Football.

The game of football between the Aggies and the Rolla School of Mines, Rolla, Mo., will be played at College Station Thursday, October 21, instead of Friday, as originally announced, on account of a circus being scheduled for two performances in Bryan on October 22. This change has been made in order to give the Bryan people an opportunity to witness the game. Out of town visitors will please note this change.

The Aggies have experienced nothing but the hardest kind of work since their return from Fort Worth, where they barely defeated the T. C. U. gridiron warriors by a margin of three points. Coaches Harlan and Graves have pushed the Aggies to the limit in order for them to be in shape to meet the great football machine from the Missouri School of Mines, Rolla, Mo.

The Aggies' backs have had an easy time in penetrating their opponents' line to date, but it was a different proposition at Fort Worth. Nothing but the hardest kind of football is going to win from now on, as the Aggies have a hard lot of games ahead of them between now and turkey day.

The cadets are in no way discouraged at the showing their team made last Friday for they all have confidence in their warriors and know that they have a winner. However, they are of the opinion that from now on an entirely different class of football will be played, as the coaches are determined to cut the squad to as few men as possible and begin the machine work. Head Coach Harlan has given the Aggies but few plays—in fact, a half dozen is the number which they have played the three games with—but from now on a more versatile style of attack will be used, and this in itself is calculated to bring better results.

Miners Have Great Record.

The game Thursday will be the first for the Missouri Miners on Texas soil, but from their record last year and thus far this season it is easily seen that they present a formidable lineup. The Miners scored last year the record number of points of any college in the United States. The total number was 560 to their opponents' nothing. These scores were made against such teams as the University of Missouri, University of St. Louis, University of Arkansas and Washington University. These very same Miners defeated the Missouri Osteopaths, always contenders for the championship of Missouri, by a score of 150 to 0. The following is their record for last season: Rolla 40, University of Arkansas 0; Rolla 150, Missouri Osteopaths 0; Rolla 19, Washington University 0; Rolla 68, Drury 0; Rolla 9, University of Missouri 0; Rolla 87, Kansas Miners 0; Rolla 63, St. Louis University 0; Rolla 104, Pittsburg Northwestern 0.

Many Stars on the Rolla Eleven.
C. E. McBride, who picked the all-Missouri Valley Conference team, places seven members of the Miners' team on the All-Missouri Valley honor roll. They are Wilson, center; Askew, guard; Copley, tackle; Montjoy and K. Miller, ends, and Bland and Miskadeen, halfbacks. Imley, the Miners' fleet quarter, holds the distinction of scoring the largest number of points of any single player in college football in the United States, having crossed the enemy's goal line thirty times during the last season, making a total score of 180 points for his team. Imley will be in the game Thursday. He is a ten-second man and weighs 180 pounds. Bland and Kiskadden, the halfbacks of this famous machine, are slightly heavier than Imley and are equally as fast.

This is the first time so far this season that the Aggies will meet a team of their weight. Heretofore they have outweighed their opponents but next Thursday they will line up against a team of equal weight and perhaps a year or more of experience in the game.

The Lineup.

The following is the probable lineup, which also gives the weight of each player opposite his name:

Agiess. Miners.
Kendrick (168).....Montjoy (165)
Left end.
Crow (182).....Copley (190)
Left tackle.
White (187).....Askew (181)
Left guard.
Rogers (173).....Wilson (194)
Center.
Eschenberg (193).....Klopfel (187)
Right guard.
Sottagnot (191).....Brandenburg (189)
Right tackle.
Garvey (132).....K. Miller (187)
Right end.
Graham (182).....Bland (190)

OUR SERVICE DEPOT SAVES YOU TIME AND MONEY

Today our battery department is equipped with every known practical device. We remagnetize magneto magnets of every description.

Every job is thoroughly tested before delivery. We guarantee all of our work. We repair anything electrical.

WE GIVE YOU INTELLIGENT, SKILLED AND HONEST SERVICE.

BATTERIES CHARGED FOR 75c.

THE AUTO CO. PHONE 506 KYLE OWENS, PROP.

Left halfback.
Rollins (170).....Kiskadden (179)
Right halfback.
Coleman (169).....Long (182)
Fullback.
Burns (155).....Imley (180)
Quarterback.

The above lineup gives the Miners a little the edge in weight, as the Aggies average 175 pounds while the Miners show 179 pounds per man.

Seating capacity has been arranged for a crowd of 5,000 people and Athletic Director W. L. Driver has left nothing undone looking to the comfort of the visitors.

BRYAN TO PLAY NAVASOTA.

The Bryan high school football team is scheduled to play the Navasota high school in Navasota Friday afternoon. The high school has about five games scheduled this season, but thus far have had them all postponed. The team is in good shape, however, and do not expect any trouble in winning Friday's game.

COTTON RECEIPTS.

Cotton has been received in the local warehouses this season as follows:

Lawrence warehouse 4,875
Brick warehouse 3,361
Union warehouse 3,160

Total

Cotton received today:

Lawrence warehouse 85
Brick warehouse 47
Union warehouse 14

Total

Cottonseed, \$36 per ton.
Bryan spots, 11 1/2c, middling basis.

WILL NOT WITHDRAW AID FOR STUDENTS

University Boys Given Work at Odd Times by Merchants to Enable Them to Complete Course.

Austin, Tex., Oct. 19.—A movement on the part of a committee of the local trades council to secure the cooperation of the Chamber of Commerce and the Retail Merchants' Association in putting an end to the employment of university students by local merchants is meeting with little success. It is one contention of the trades council that students work too cheaply and there has also been raised some objection to the fact that the students are not members of labor unions.

Merchants of Austin are not in accord with the movement. Many of the merchants are helping students through school by allowing them extra work at odd hours.

General Secretary Currie of the University Young Men's Christian Association objects to the allegations of the trades council that the hiring of student labor is a menace to working men of Austin.

CLAIMS PROMPTLY PAID.

Farmers' Mutual Aid Association Hard Hit by Recent Storm.

Brenham, Tex., Oct. 19.—As a result of losses suffered by farmers during the recent storm, the Farmers' Mutual Aid Association, an organization composed of about 500 prosperous farmers of the county, has been called upon to meet claims for damages, this being only the sixth time since its organization twenty years ago. Secretary H. P. Kolwes states that all members came forward promptly with their pro rata of the assessment. The losses in the recent storm were heavier on the members than at any other time in the past twenty years.

FRIDAY CANDY DAY.

The Y. W. A. will sell home-made candy Friday morning at 9 o'clock at Hardy Newton's store. Come and bring your sweet tooth.
